From the Prez

A successful 49er is in the books! Thanks to Mike for Chairing a smooth running event and dealing with the FS, Curt for a challenging course, and everyone else for helping out and doing what we do. We took 6 points from the best AA rider in the District so it was a challenging course. We'll probably have our post event pizza party next week so stay tuned for the date and time.

The 1x race is narrowing down to Dave and Mike but don't count Mark out yet! He made the trek to Shasta along with Jim and Ty and had a nice finish in his first ride in the B class while Dave and Mike stayed home. There are races every weekend up to Thanksgiving so the championship is still up for grabs.

The Dirt Diggers Lilliputian Hare Scrambles is this weekend in our own backyard. This is a "can't miss" race for all members and a good chance to get some race or pit points without having to drive to the middle of Nevada! Besides, we know all the good lines at PC and get a good discount at the gate. Be sure to check the schedule as the C old guys (Senior and older) race on Saturday with Youth and Woman.

See you at the races with your spots on!

On the LAO Front by Curt

As you all should know, the anti-access groups are going after responsible OHV use on our public lands with a vengeance lately. They won an appeal against CERA's five year permit for the Fool's Gold Enduro and Crazy Miner Family Enduro that caused the cancellation of this year's Crazy Miner, although it looks like the Forest Service plans on going ahead with the permit after they clean up the environmental analysis a bit. There was also the ridiculous appeal against our 49er Enduro course that had us jumping through hoops to use a system trail that is open to the general riding public every day. Besides those two recent issues there is also the lawsuit filed against the Eldorado National Forest Travel Management Plan, and all this is just in our local area. Tough times are ahead for all of us dirt bikers, and even more so for those of us that put events on in the National Forests. There's not a lot I can suggest we do individually right now, other than staying informed and riding responsibly.
