Club News

49er Enduro

Curt has been hard at work on the course and Wayne has been in negotiations with the Forest Service so everything is looking good for the event at this point. Assignments were made at the October 2 meeting; if you were not at the meeting please contact Wayne for your assignment. There will be a special meeting to finalize plans for the event at the Round Table Pizza in Folsom Tuesday, October 23rd at 7:00pm

As always we will be very short handed so we need all the club members to make the effort and work the event. Also if you have any friends or family that can help out that would also be a plus. This is the 40th annual event so we would like to make sure it is a success.

Pinenuts Ride

Several Polka Dots and friends joined former member Rory Davis for a preview of the Pinenuts area, site of this year's Wild Horse/Pony enduros, outside of Minden Nevada in September. See Chuck's write up and pictures on the website.

LAO Matters

Placerville OHV Protest

A protest and public information event was held in August at the Placerville fair grounds and on the city streets. About 250 people participated from a number of off road clubs to raise public awareness of the DEIS action in the El Dorado National Forest and proposed forest closures.

El Dorado National Forest Route Designation

Curt is preparing a response on behalf of the club to the proposed Forest Service recommended alternative that if implemented will close a large number of trails and roads in use today. Individual responses are also encouraged; the deadline has been extended 45 days until October 22. Contact Curt if you need assistance in responding.

Californian OHV program reauthorization

California Senate bill 742 has passed both house and has been sent to the Governor. The compromise bill was supported by District 36, the BRC and others. It will raise green sticker fees in a few years to offset the gas tax reductions and allow the parks to raise park entry fees. It is also intended to direct more money to trail maintenance. The Commission becomes "advisory only" to the OHV Division. Read for yourself at:
